

The Beer In Review

Annual Print Edition

Editorial Overview

The Beer in Review is the highly acclaimed annual print edition by *The Beer Connoisseur* that complements the bi-monthly premium web magazine, daily editorial eNewsletters and premium website content.

The edition celebrates the best beer & cider of the year submitted to our Official Review and evaluated by our panel of judges. Special features recognize the **Top 250 Beers of the Year** and **Top Beers by Style Category**. The edition also awards **The Best Beer** and **The Best Brewery of the Year** as well as first and second runners-up in both categories. Winners of each category receive national recognition for their accomplishments as exceptional producers of quality beer or cider.

Readers also enjoy the brewers' perspectives on some of the year's most highly recommended creations through in-depth interviews and **Brewer Q&As**.

The Beer In Review also takes a forward look at the most important **Industry Trends** for segments including brewing, restaurants, retail, hops and top emerging beer-styles. This insider's look uses sources from some of the industry's most recognized leaders.

The Beer in Review is a high-quality, coffee table-worthy print "mega edition" that perfectly complements the premium digital content so that our readers can start the new year with all the brew that's fit to drink.

We hope you enjoy this year's *The Beer in Review*!
